# Conditions of Sale

The following special conditions apply to this sale where applicable:

### FEMALE GUARANTEES:

1. Every female shown as bred on a certain date, except any which may have been served within six weeks of sale, is guaranteed in-calf. This guarantee expires 28 days from the sale date.
2. Where a sale catalogue specified a calving date and the resultant calf is not acceptable for registration by the MINDA service of the Livestock Improvement Corporation (LIC) or by the relevant Breed Society because the calf is born eleven days or more either side of the specified calving date and the paternity is not able to be verified the seller shall refund 25% of the purchase price plus GST direct to the buyer.
3. This clause 2 does not apply if the sale catalogue states that a bull was pastured after AB ceased.
4. Where a veterinary certificate is supplied at the date of sale certifying the female as being in-calf, no further liability will fall on the seller subject to liability under the other clauses contained in the Conditions of Sale. The buyer has the right to retest at their own expense before delivery is made from the place of sale. Where a female is offered for sale as being in-calf, without a supporting veterinary certificate and the female is subsequently proved to be empty, the buyer has the right to return the female or carry out such disposal as the seller may instruct and the seller will refund direct to the buyer the purchase price plus the return transport costs.
5. Cows sold as not in-calf at the time of sale, shall be sold with a guarantee to breed. The term breed shall constitute producing a calf, dead or alive. Should the cow fail to produce a calf by the 31 December 2024, the seller shall refund in full the purchase price direct to the buyer.
6. Yearling heifers sold as unmated are sold with the guarantee to breed. The term breed shall constitute producing a calf, dead or alive. Should the heifer fail to produce a calf by the 31 December 2024, the seller shall refund in full the purchase price direct to the buyer.
7. Where females are sold as not in calf, (including yearlings and calves), are flushed for embryo transfer, either with or without success, all guarantees to breed become null and void.
8. Where any female sold as being in-calf proves to be carrying a mummified calf, no liability will fall on the seller.
9. Any animal which is sold as in-calf but subsequently aborts the foetus after delivery is the responsibility of the buyer and no liability will fall on the seller.
10. Any claim to the auctioneers must be accompanied by a veterinary certificate.

### EVERY BULL A GUARANTEED BREEDER:

The entry of any bull in this catalogue constitutes a guarantee by the Vendor that the purchase price without interest expenses, costs or damages shall be refunded if a bull proves totally infertile of service. If any bull entered does not possess a reasonable fertility, although not totally infertile, any dispute shall be settled by an arbitrator appointed by the Auctioneers.

Any complaint must be lodged with the Auctioneers by the 31st December 2023. The costs of taking delivery of and returning the bull to the vendor to be borne by the Purchaser. A Veterinary surgeon's Certificate shall be produced by the Purchaser when required the costs thereof to be borne by the Purchaser.

### GENERAL CONDITIONS:

**DELIVERY:** Each lot shall, immediately on the fall of the hammer, be at the risk of the buyer.

**INSURANCE:** If transit or annual insurance is required, such cover can be arranged through the auctioneers.

**INSTRUCTIONS:** Buyers must sign dockets before leaving the sale and leave full delivery instructions.

**TRANSFERS:** Sellers are responsible for the completion of transfers. No buyers shall be entitled to withhold payments for stock pending delivery by the seller of the relevant breed society transfer certificate or LIC Animal Location Transfer Certificate.

**PAYMENT TERMS:** Payment 14 days after date of sale. Sale is being transacted by PGG Wrightson.

**PGW's Terms of Sale apply to this sale. When proceeds are credited or a purchase is debited to a PGW monthly credit account, then PGW's Monthly Account Terms of Trade (as amended from time to time) apply to the extent deemed relevant by PGW.**

- Report any accident to the site office
- If you see anything unsafe, report it to the site office

The auctioneer has overall control of this site, and will ask you to leave if the above rules are not followed.

## **OSH**

**Every effort will be taken by the Vendors, Auctioneers, their staff and assistants, both on the day of the sale as well as on any other visits of inspection to ensure the safety of intending buyers and visitors.**

**However we wish to advise that this is a saleyards run under normal management conditions and certain dangers exist in relation to livestock and their environment.**

**Visitors should take all care to ensure their personal safety.**

## Auctioneers Foreword

The Spring Fling sale of the Fusion and Larkspur Ayrshire and Jerseys marks a change in our vendors farming policy. A change to autumn calving and concentrating on their Holsteins will make things easier and give the coloured breeds greater opportunities.

Ron was brought up around Ayrshires and over the years has bred many outstanding cows. No doubt he will miss his “shires” but we can’t imagine him not having some input into helping Ayrshire breeders he has had a long association with.

Amy is an impressive young woman who has a passion for the breeding, recording and feeding of good quality cows and alongside Ron she has helped guide their farming careers.

They are a young couple going places. It must have been a hard decision to offer these two breeds for sale but as they have mentioned, once you have children your priorities and responsibilities change. To make things simpler the Spring Fling was the decision they came to.

The catalogue includes many outstanding individuals and internationally renowned families. Ron and Amy’s decision to change direction is the only reason you get this great opportunity. Do not hesitate, as this is a chance not given often.

Thank you Ron and Amy for the support and encouragement you have given fellow breeders and newbies to the world of ‘Pedigree’ breeding.

*The Auctioneers*

## Foreword

Welcome to our Spring Fling – Larkspur and Fusion Coloured Breeds Dispersal Sale.

The decision to sell our coloured breeds is not one we have taken lightly. For many years breeding and showing has always come first, after all if it wasn’t for showing we probably wouldn’t have met. But now after a few hard years for us, we have decided to put family and health first and switch to 100% autumn calving.

It has been a labour of love getting the Ayrshires to the standard that we are extremely proud to present to you today. It all started with a select few foundation cows that Ron purchased from his parents’ Camellia Stud Dispersal. This has resulted in both production powerhouses and show champions alike. Our absolute showing highlights have been Larkspur Aa Cracker being NZDE Ayrshire

Intermediate Champion 2022 and Larkspur Aa Liqueur taking out North Island, NZ Royal and NZDE Ayrshire Intermediate Champion all in the one 2016/17 season.

After the purchase of Glenalla Colton Comet as our wedding present, we started to dive into the world of Jerseys and they have not disappointed us. It will be hard to sell them but we know they will shift well and do the goods as they have done here for us.

We love our Ayrshires and Jerseys but these ladies are too good to hide away in an autumn herd and not be shown off. So we offer our best and hope we can see them bring as much success and fun that we have had. Good luck to the purchasers and thank you for your support.

*Ron, Amy, Ollie and Benji Baker*

- All Ayrshire classified 2020 went 8-8 and above. All in-milk sale cows will be classified before sale day with the results published on-line. All sale cows and heifers are unmated.
- Last season our herd averaged 690kgs ms across all breeds.

# CALF

MOLASSES COATED

18% CP Calf Pellets

GrainHub Calf is designed for high performance with 18% Crude Protein using only quality vegetable proteins to assist rumen development. Coating the pellets with Molasses makes the feed highly palatable to the calves ensuring a high uptake so GrainHub Calf will assist in weaning your calves faster, take to pasture sooner and achieve body mass quicker.

Our combination of multiple protein sources combined with multiple starches, vitamins, minerals and coccidiostat are providing great results with farmers commenting on the fantastic skeletal growth – growing the frame and then filling that in resulting in earlier weaning than previous years. We have committed to not changing the recipe so farmers can trust these results are repeated.

The early introduction of GrainHub Calf is a key component for ensuring the early development of the rumen system. Make a small amount of GrainHub Calf available from day two and continue to feed GrainHub Calf adlib throughout the entire rearing period. Good quality roughage and clean water is recommended at all times.

0800 GRAINHUB

## Kiwi Owned Stock Feed Solutions For New Zealand Farmers.

One day three lads got to talking and started throwing around thoughts and ideas when they stumbled upon a common interest; to create and grow a business that was 100% Kiwi owned in order to support our domestic growers and farmers.

Fast forward to September 2018, GrainHub was formed and we have been manufacturing and supplying top quality stockfeed for the goat, sheep, beef and dairy sectors ever since, establishing friendships and working relationships, with no looking back.

As members of FeedSafe New Zealand, we are constantly striving to maintain and develop a premium product through our stringent grain processing and handling.

At GrainHub we believe we are big enough to add value but small enough to care.
