

Brian & Carolyn Hutchings 6:30pm, Wednesday 14th May

#### WEDNESDAY 14TH MAY, 2025 6:30PM ONLINE VIA BIDR

PLEASE NOTE - STOCK FOR SALE ARE LOCATED IN NORTHLAND

FOR ALL ENQUIRIES CONTACT: Luke Gilbert on 027 849 2112

#### **CONDITIONS OF SALE**

In accordance with the NZ Stock & Station Association Auction Terms and Conditions, the following general conditions apply to this auction where applicable

#### **FEMALE GUARANTEES**

- 1. Every female shown as bred on a certain date, except any which may have been served within six weeks of sale, is guaranteed in-calf. This guarantee expires 28 days from the sale date.
- 2. Where a sale catalogue specifies a calving date and the resultant calf is not acceptable for registration by the MINDA service of the Livestock Improvement Corporation (LIC) or by the relevant Breed Society because the calf is born eleven days or more either side of the specified calving date and the paternity is not able to be verified the seller shall refund 25% of the purchase price plus GST direct to the buyer. This clause 2 does not apply if the sale catalogue states that a bull was pastured after AB ceased.
- 3. Where a veterinary certificate is supplied at the date of sale certifying the female as being in-calf, no further liability will fall on the seller subject to liability under the other clauses contained in the Conditions of Sale. The buyer has the right to retest at their own expense before delivery is made from the place of sale.
- 4. Where a female is offered for sale as being in-calf, without a supporting veterinary certificate and the female is subsequently proved to be empty, the buyer has the right to return the female or carry out such disposal as the seller may instruct and the seller will refund direct to the buyer the purchase price plus the return transport costs.
- 5. Cows sold as not in-calf at the time of sale, shall be sold with a guarantee to breed. The term breed shall constitute producing a calf, dead or alive. Should the cow fail to produce a calf by the 31 December 2026, the seller shall refund in full the purchase price direct to the buyer.
- 6. Yearling heifers sold as unmated are sold with the guarantee to breed. The term breed shall constitute producing a calf, dead or alive. Should the heifer fail to produce a calf by the 31 December 2026, the seller shall refund in full the purchase price direct to the buyer.
- 7. In the case of a calf or yearling heifer being flushed for embryo transfer, either with or without success, all guarantees become null and void.
- 8. Where any female sold as being in-calf proves to be carrying a mummified calf, no liability will fall on the seller.
- 9. Any animal which is sold as in-calf but subsequently aborts the foetus after delivery is the responsibility of the buyer and no liability will fall on the seller.
- 10. Any claim to the auctioneers must be accompanied by a veterinary certificate.

#### **GENERAL CONDITIONS**

Delivery: At the fall of the hammer, livestock remain the vendors responsibility until delivery is taken.

Insurance: If transit or annual insurance is required the purchaser is responsible to arrange.

Instructions: Buyers must sign all dockets before leaving and have transport arranged.

Transfers: Sellers are responsible for the completion of transfers. No buyer shall be entitled to withhold payments for the delay of transfer information.

Cattle for Export: Breed Society must inspect as suitable for Export Certificates. The seller is responsible for the 15% commission payable on all cattle sold for export.

Payment terms: Payment due 14 days after auction date.

This sale will be hosted by bidr<sup>®</sup> (www.bidr.co.nz) as a fully online, SEQUENTIAL auction, with the sale being opened at Lot 1 at the specified sale start time, and all bidding occurring online as the sale moves through the catalogue in sequential order.

The closing of bidding on each lot is controlled by the expiry of the countdown timer. All intending purchasers must register on bidr® in advance of the sale date, by visiting the website and using the "sign up" button, adding their contact information and nominating the agency they would like to purchase through an account held with that agency.

The bidr® team is contactable on 0800 TO BIDR (0800 86 2437), or email enquiries@bidr.co.nz for assistance at any point.

endor Foreword

After 44 years of breeding Ayrshire cows under the Kauri Prefix, 38 of those with the two of us, having seen the highs and lows of dairy farming, it is time for us to veer off course and do something a little different with our lives.

We decided in November 2024 to market our farm. Our agent advised us "Dairy farms are not selling" and to "just continue like normal." After a short sharp campaign in March and ending with an auction on April 11th – to our surprise we sold!

We have thoroughly enjoyed our time breeding and milking the fabulous red cow. We are proud of our ability to breed good strong cows that travel well and are inspired by the offspring she produces.

Our focus has never been solely on production but on the bottom line – our mantra is to look after your animals, and they will look after you.

Dairy farming and the beautiful Ayrshire cow have provided us and our family so many opportunities and taught us so much. The last thing we ever want is for this way of life to become a chore and unrewarding.

Ayrshires have been an unforgettable and huge part of both our and our family's lives. Brian started his involvement with Ayrshire cows at the Bay of Islands Show – 1965 – as a two-day old.

Kauri Ayrshires has had a few homes over the last 44 years. Starting in 1981 at the Okaihau home farm of Malcolm and Marilyn. Brian was still at school when he started purchasing calves. Without the help and encouragement of Marilyn and Malcolm, we would never have been able to achieve the life successes that we have.

In 1987, we married and purchased our first farm in Kerikeri. We took the cows Brian had acquired along with some animals from Lodore and began our farming careers together on 150 acres.

The nucleus of the herd came from the "Lodore Stud", Hugh and Don Fraser's "Moana Stud", and Hugh and Irene Walker's "Craiglea Stud." These animals were simply the best animals, and we still have offspring within the herd from these beautiful cows today.

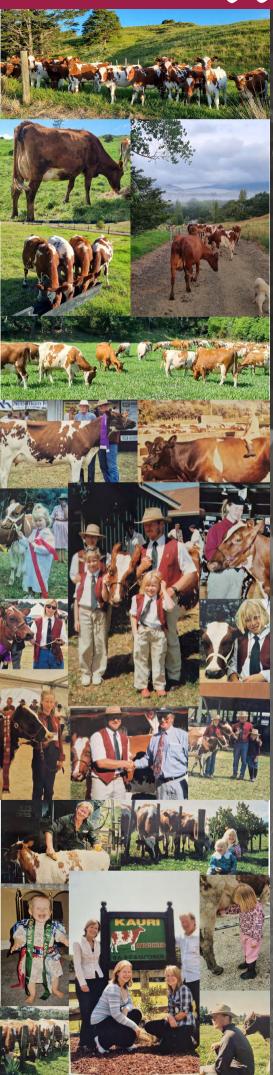

1996 saw the need to get a bit bigger, and along with daughters Kerrie and Megan we moved to difficult 330-acre hill country in Dargaville. In an area we later found out was nicknamed "Strugglers Gulley."

We were welcomed to the area by the wonderful Roger and Alison Allen, Bruce Baggott, Claire McKay, and Murray Harnett, from the Northern Wairoa Ayrshire Club. With their support we settled into the new community. We described this as "leaving home at 30!"

Some years farming here were a struggle, but the strong capacious Ayrshire cow, flourished on the hills.

The original 330 acres, 170 cows and two kiddies have over the past 28 years swelled to 500 acres, three houses, milking 240 cows twice a day, two sons- in – law, three grandbabies, and various staff members along the way. Today, after selling off two houses and 170 acres we are back to our original 330 acres, milking 80 cows OAD, running a beef herd and a very successful farm stay B and B. It was a wonderful ride!

endor Foreword

Over the years here, we have shown and had many successes at the local shows, sometimes winning, sometimes not, always proud of the animals we have shown. Highlights were winning North Island Champion with Kauri Pippy Spray (twice!), Ayrshire and All-breeds.

We have met some fantastic forever friends and been inspired by and helped by so many. We would like to mention here the late and great Murray Harnett, who encouraged us and helped us a lot.

Damian Leef, a very dear friend from our Kerikeri days, and later a wonderful and loyal staff member. Damian has been a huge support to us over the years and to our daughters and their families. We all view him as a much-loved family member, mentor and friend.

We, Damian, and Murray would often share a truck to the shows – taking a trifecta of Black, Red, and Caramel. Between the three breeders one of us often came off top dog – and it was their shout afterwards!

We have bought and shown the odd Friesian cow under the prefix of Kairara – with success in the local shows. The three Friesian cows in the auction are from one of our show cows "Kairara Black Betty."

We have both enjoyed the lifelong friendships we have made over the many years with the common theme being the beautiful Ayrshire cow.

Our daughters have been blessed to have lived the rural life, milked cows, and had plenty of calf club calves. Calf club continued for quite a few years with neighbor's and friends' kids enjoying the activity.

Even after leaving home, Kerrie and Megan would often make the pilgrimage back for show days, or just helping on farm, to give the "olds" a bit of a hand.

Kerrie and Megan both have excellent careers away from farming, and we could not be prouder of their choices for their own futures. Farming will always be in their blood, the best thing that they have taken from the last 35 years is compassion and love for animals, that life is not always easy, and that if you work hard, you get the rewards.

Whilst this is the end of an era for us in some ways – it has created new opportunities as well.

We have bred our cows to be strong and to be able to withstand the clay and hilly environment that is Waihue Valley. We feel that they shift well, and love to hear the feedback from purchasers about the way the cows have performed for them.

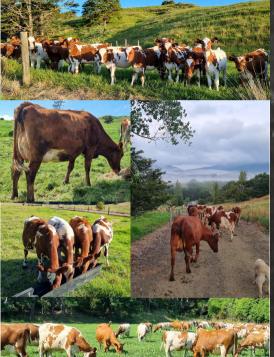

We would like to thank all of the people who have purchased animals in the past from us, and best wishes to the purchasers of this the very final Kauri Ayrshire Sale. Whilst we will not be actively breeding and farming in the future – our doors remain open.

We welcome you to come and view the animals prior to the auction day on the 6th of May. If this day does not suit give either of us a call to make other arrangements. Accommodation can be arranged if required.

Sincerely, Brian and Carolyn

Brian: 027 723 6184 Carolyn: 027 685 3535

# Vendor 2024/2025 Breeding Pl

Mating started on 20th October 2024. Cows were tested in calf through LIC milk testing 25th March 2025. Cows were dried off 1 April, all have been dry cowed with Cepravin.

All 2024 born were tested for BVD and are negative, and all stock have been lepto vaccinated.

The cows have been AB mated to dairy sires for 4 weeks prior to being run with speckle park bulls for 3 weeks. Finishing off with short gestation angus semen.

Some Rising 2-year-old heifers were run with Kauri Wrights Nimmo for 4.5 weeks followed by a speckle park bull. Others were AB mated to dairy sires for 4 weeks then also ran with speckle park bulls.

Any questions feel free to contact us. Brian & Carolyn

Agent Foreward

I'm sure that it's with mixed emotions that our vendors Brian and Carolyn Hutchings will have their full dispersal on the 14th of May. Their passion for the Ayrshire breed is second to none and on behalf of many I would like to thank you for service you have given to the breed and the association over the years. I'm sure this will continue long after the herd is gone.

Plenty of animals have been sold from the Kauri herd in recent years and have far exceeded the expectations of their given purchasers. Now, with a heavy heart, comes the final chance to secure animals from the famous Kauri herd which has been breeding Ayrshires for 44 years.

These cows and heifers will be sure to shift well as they always have and become outstanding cows in the herds they go to. Whether you are looking for your next foundation cow to start a new family or looking for cows that are going to put milk in the vat, you can buy with complete confidence that Kauri cows will do the job because as they say, they've got the runs on the board when it comes to animals performing well in other herds.

Brian and Carolyn, we wish you all the best in your future endeavors and I'm sure we will see you around at Ayrshire conferences and events.

We wish the purchasers all the best with your animals and look forward to hearing how they have gone for you.

Luke Gilbert, Carrfields Livestock.
